Senator Curtis S. Bramble
3663 N. 870 E.
Provo, UT. 84604

Dear Chair Bramble:

The Legislative Management Committee met on April 3 and among other items of business the Committee assigned Master Study Resolution items to the various interim committees. In doing so, the Committee asked that certain study items be made high priorities for committee work. The Business and Labor Interim Committee was asked to place three issues high on its list of study items. The first two are: 1) Master Study Resolution 13 Digital Billboard Advertising; and 2) Master Study Resolution 19 Master Licensing for Hotels. The third high priority item deals with the issue of alcohol beverage regulation. The committee is asking that your committee study the following issues relating to this subject: 1) HB 218 Alcohol Amendments (Froerer); 2) 1st Substitute HB 228 Alcohol Beverage Control Act Amendments (Wilcox); 3) HB 350 Amendments Related to Alcohol (Oda); 4) SB 261 Amendments related to Alcohol Beverage Control (Valentine); and 5) Issues related to the postponement of the effective date for authorizing the transfer of certain retail licenses issued under Title 32B, Alcohol Beverage Control Act.

The Committee feels that these are such important issues for the State that it will be setting aside one of its last meetings of the year to hear from you and the work you have completed on these issues. You will be notified of the date of that Legislative Management Committee meeting later. Thank you for your willingness to address these issues in behalf of the citizens of Utah. The Committee appreciates your leadership.

Sincerely,

Wayne Neiderhauser
President
Utah State Senate
